A11Y, cross-platform support, responsive design, SCSS, design systems, pattern libraries, pagespeed, SEO">
```

Jon Muller

Likes sneakers, gigs, and Tottenham Hotspur.

Dislikes eggplant, obstinacy, and the creeping rise of authoritarianism.

📅 Experience

🗂 Projects

Senior UI developer & team lead

2018 - 2020, 4mation Technologies

Responsibilities:

- Developed in-house tooling for creating and documenting reusable component systems using Node, Storybook
- Mentored junior UI developers, emphasising the importance of accessibility, responsiveness, and performance
- Evangelised for better front-end development practices, delivering company-wide seminars and providing individual coaching
- Managed cross-functional 9-member team, accountable for all aspects of team output, reporting directly to head of delivery

Highlights:

- Won 2018 Employee of the Year and a trip to SXSW Conference & Festival in Texas
- Directed 10play.com.au UI team, personally contributing the responsive navigation, search tooling, and grid system
- Successfully launched and maintained 4mation company website

Senior UI developer & managing director

2001 - 2017, Pi-squared

Responsibilities:

- Worked with a number of UK agencies to provide promotional sites and games for Ernst & Young, Glencore, Lynx, and many more
- Mentored junior UI developers, focusing on web standards, reusable templates, and cross-browser support
- Introduced Agile methodologies to development teams, reducing turn-around times and wasted effort in project delivery
- All aspects of company administration from financial planning to HR to grocery shopping, dealing with one fire and two floods

Highlights:

- Built award-winning websites for Ogilvy UK
- Maintained a number of client relationships for 15+ years
- Grew agency from a 2-person operation in a spare room to ongoing 12-person software delivery team in company-owned premises
